SAINTS TRIUMPHANT IN PRE-SEASON TOURNAMENT

(By PETER SCOTT)

The Sydney Saints got a flying start to the new season by scoring three successive victories in the AEROLINEAS ARGENTINAS CUP against top class opposition from other Sydney-based QNSL rivals. Perennial title challengers Marconi were the first to feel the wrath of Frank Arok's young lions and this after the Fairfield club looked like starting the year on a winning note.

That is, until the final five minutes of the match.

Ahead by a lone goal from the boot of new signing John Markovski (formerly of Melbourne Croatia), Marconi seemed set for the two points, but failed to allow for the ambition of St. George stand-in Emanuel Spanoudakis, who hardly came on before planting a huge 30 metre drive in the back of the opposition's net.

That happened in the 85th minute and was almost immediately followed by a bit of Latin magic from Osvaldo El Ali - a former Marconi man - who neatly set up the ever goal hungry Tony Krslovic for the Saints' winner. Thus Marconi's anticipated celebrations were turned into a post mortem about how they managed to snatch defeat from the jaws of imminent victory.

CHAMPS DOWNED

If further proof was needed about the permanent shedding of St. George's underdog status in this tournament, it was tendered in the second round of the contest for the Aerolineas Argentinas Cup, when current QNSL champions Sydney Olympic provided what was expected to be high powered opposition to Arok's men.

Much to the joy of St. George supporters the match became a pleasantly one-sided affair, with the red-and-whites sweeping the opposition aside in a most impressive manner to score a resounding 5-1 victory.

Young Soccerroo Tony Krslovic was among the goals again - only more so! This time around he banged in a hat trick, with his excellent example partly emulated by team mates Randell Easthorpe and Osvaldo El Ali. Robert Ironside avoided a complete shutout of the champions by netting Olympic's lone goal late in the piece.

CUP CLINCHED

The latest addition to the Saints' trophy room at the stadium was clinched in the last round, when Melita Eagles was drowned 3-2 on our home turf. In just over half an hour St. George was two up with another goal from new signing Randell Easthorpe and Matthew Bingley's season opener. However, two penalties enabled the Eagles to draw level by the fifth minute of the second half.

Greg Brown scored the first, while the second was credited to skilful South American Gus Cerro, after an incident involving a man never far from controversy, former Olympic enfant terrible Marshall Soper.

Thus, it was nothing less than poetic justice, that Tony Krslovic scored the winner from the third penalty kick of the game just a few minutes from the final whistle of the final match of the Aerolineas Argentinas Cup Tournament.

Only a pre-season affair, to be sure, but what a better way to head into the serious part of the business at hand. Now for the QNSL'

Final placings for the Aerolineas Argentinas Cup were: 1. St. George, 2. Melita Eagles, 3. Sydney Olympic, 4. Marconi.

The following players made up the Saints' squad for the tournament: Filan, Milicevic, Baillie, Moffitt, O'Shea, McGregor, Bingley, Krslovic, Easthorpe, Harper, El Ali, Prentice, Kotsias, Kakakios, Poric, Augerinos, Dean, Boskovski and Ilievski.

THE MESSAGE OF MANAGER-COACH FRANK AROK

Dear everyone, who is in love with soccer
Probably I should talk about games, players, tactics, but in my mind having a very special year thanks to Bradley report the next topic is far the most important. The Bradley report has a point system for the selection of teams for 1991/92 season. The only weakness of our club to be in an unbeatable position for the league is our crowd drawing capacity.

So if you want to see your team, your son, grandson, husband, boyfriend, countrymen playing in the premier league make it certain:

THAT YOU ARE AT THE TERRACES.

BRING YOUR FRIEND

BRING YOUR WIFE AND CHILDREN, AND THEIR FRIENDS.

/Foundation members and season ticket holders Pick up your "sponsor's" ticket, which will admit your guests for \$1 one dollar per person, they must be in your company./
As far as the team goes we will be up there when it counts.

THE MESSAGE OF THE MANAGING DIRECTOR

TONY BALAZSI

Welcome back to the NSL.

Most of you missed a very enjoyable winter competition of our U-23 and Apprentices in the NSW State League. The exercise turned out to be even better than we expected.

The Des Marton coached team produced not only the 4th place, but some rapid improvements of half a dozen players, who will give Frank Arok a headache about whom to leave out of the NSL team.

Our Apprentices /average not even 16!/ took part in U-19 competition and lost only 6 games out of 16. The improvemnet of these players forced our hand to enter them in the NSL youth league.

Watch for some very important announcements in the near future about our Apprentices who will be known at least for the time being as the SAS, which stands for Soccer Academy of Sydney.

So we have three teams to worry about.

We have a whole team, the fourth, to do that.

The management, the directors, the keen supporters..... They created the new season ticket with a chance to see the FA Cup at Wembley./ Tickets are still available at the Stadium Ticket Office./Helped to get some new sponsors, made the stadium a more pleasant place.....

With your patronage and our outstanding players and coaches we are going to have a great Summer Season.

Be part of it!

NEW FACES, NEW HOPES

Preston Makedonia goes into the 1990/91 season of the Quit National Soccer League with hopes of improving on last season's ninth placing.

While St. George fans fervently hope that the Melbourne red-and-blacks' revival starts next week - rather than at St. George Stadium - it cannot be denied that whenever Preston Makedonia is playing at its peak it is one of the most attractive assets of the NSL. There are several individual stars among our visitors, who are worthy of special attention today. Foremost among them is the extraordinary midfielder of silky smooth skills and latin flashes of brilliance, OSCAR CRINO.

A Soccerroo star over the years, Oscar at his best has never failed to amaze and entertain Aussie soccer fans. Crino is always capable of producing the unexpected swerve, faint or dribble, and has technical skills which often manifest themselves in the shape of an unstoppable drive or an unorthodox switch in play.

LIVING TREASURE

He is one of the living treasures of the game in this country!

Preston's attacking line has the potential to exploit the opportunities created by the grafting of Crino and his mates in midfield.

When they hit their straps, Soccerroos WARREN SPINK and ANDREW ZINNI can turn the best defences inside out. Zinni disappeared from the spotlight for some time, but recently has fought his way back into the national squad. This writer's most distinctive memories are of his days as a blinding fast winger with Brunswick Juventus, constantly leaving desperately lunging defenders in his wake, always in perfect control of the ball as he took the shortest possible route towards the goal.

A player who can generate excitement with his every move, from the moment he steps onto the stadium's turf until the final whistle.

He warrants close attention from our defence throughout the full ninety minutes today.

TALENTED STRIKER

The same applies to Spink, as well as the talented KRIS TRAJANOVSKI, who returned to Melbourne this year after a sojourn in the Australian Institute of Sport at the national capital.

Preston's defence, of course, will be sorely tested by a rejuvenated St. George, with our lads getting among the goals with great gusto in pre-season outings. TONY KRSLOVIC and new chum RANDELL EASTHORPE are just two of our guys who have their "artillery" all primed and aimed squarely at the Preston net.

The main stumbling block in realising their ambitions is likely to be the visitors often spectacularly agile goalkeeper, 24-year-old PHIL TRIANEDES.

Settle back and enjoy the fun - Aussie soccer at its best.

Memories, Memories

DECADES OF SAINTS – YEARS OF GLORY'

Soccer and St. George are almost synonymous in Australia and just about everyone connected with the history of the world's most popular sport in our country is aware that the red-white-and-green have a magnificent history behind them.

The roots of today's St. George BCS go back all the way to the early fifties, when a club made up of Hungarian immigrants made its debut in the lower divisions of competition in Sydney, finally graduating to a senior competition - the second Division of the "rebel" NSW Soccer Federation - in 1957. By that time it was known as Budapest Soccer Club, later changing to its current title.

Soccer fans are like all other sports nuts, they love to thumb through old statistics, recalling great matches, reminding themselves of past glories and even some abject failures.

The "Sydney Saints", St. George's new look official match program will attempt to cater for this passion for facts and figures throughout the season. As our first offering we reproduce a feature from the Club's Silver Jubilee Handbook published more than eight years ago and produced by that outstanding journalist Andrew Dettre

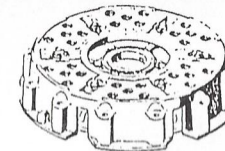

It is a full record of all the games played by St. George in the NSW Soccer Federation's First Division competition from the club's first entry in 1959 until 1969

The club was a founder member of the National Soccer League in 1977, but was relegated back to the State League for one year in 1981.

Happy browsing.
